

PlaniPrep SC

Mapei PlaniPrep SC is a high performance, polymer modified, fiber reinforced cement based skim coating and patching compound. This product is used to skim coat and smooth minor surface variations and defects that are common in decking substrates. PlaniPrep SC creates a strong, durable surface that is compatible with all Deksmart membranes.

Features

- Fast setting
- Cement based
- Superior adhesion
- Used for skim coating exterior concrete and approved wood subfloors
- Mixes to a smooth, easily applied consistency
- Does not require additive
- Compatible with all Deksmart membranes

Technical Notes

- Apply at temperatures above 5 degrees celsius
- Follow mixture procedures described on packaging
- Applies from featheredge up to 1"
- Always allow appropriate cure times
- Refer to MSDS documents before use

Packaging

- Single bag (10lbs.)
- 2 bags per shipping box
