

WDD1 Wood Deck Drain

Watts Drainage WDD1 deck drain is a 3 piece unit designed for flat roof membranes installed onto wood substrates. This product relies on a clamping system for waterproofing, with the Deksmart membrane being run into the body of the drain, then being fastened with a clamping ring and approved polyurethane sealant.

Features

- Epoxy Coated
- 3 piece system: drain, clamp ring and grate
- Easy installation
- Fits standard joist spacings
- Compatible with all Deksmart membranes

Technical Notes

- 2" ABS pipe outlet
- 8 1/4" drain body
- 6" clamp ring
- Installation instructions supplied with drain assembly

Packaging

- Sold in single units
